The excess of expenditures over the appropriations of the last year, amounting to Fourteen Thousand Seven Hundred and Seventy-six dollars and Eighty-five cents, were caused by the erection of the High School House, and incidental expenses, a large portion of which was not intended to be paid out of the appropriations of the last year, but were provided for by a vote of the town passed Nov. 13th, 1854. For a more detailed account of the expenditures of the last year, see Auditor's report.

At a legal meeting holden April 9th, 1855, acting on Article 10th, it was voted that the building of a new engine house, in district No. 2, be referred to the Selectmen, to report at the next March meeting. The Selectmen have given the subject due consideration, and report: "That for all legitimate purposes for an engine house, with some repairs not exceeding \$100, we consider the present house ample and sufficient."

R E P O R T  
ON THE CASE OF  
THE FIRST CONGREGATIONAL PARISH  
*versus*  
THE TOWN OF WOBURN.

---

The Committee chosen by the Town, and authorised to remove the fence erected by the First Congregational Parish, on land in front of Dr. Augustus Plympton's house and land, known as the Common or Training Field, and belonging to the town, have removed the same and present the following Report.

At a legal meeting of the voters in the town of Woburn, holden August 15, 1853, Article 9th being under consideration, viz: "To see what measures the town will take in relation to the fence erected by the First Congregational Society, in Woburn, on land belonging to the town, (and for the protection of said land,) situated in front of the dwelling house and land of Dr. Augustus Plympton, and for the protection of all the land known as the Common, or Training Feld, in said town.

" Voted to chose a committee of three, to be joined by a committee of the same number from the First Congregational Parish, and that they submit all the facts in the case to the Hon. Richard Fletcher and the Hon. Samuel Hoar, and a third man, chosen by them, and the town will consider their decision final, provided the Parish will agree to these terms; and if they should refuse to act with us, the committee are instructed to take the best counsel possible, and report at an adjourned meeting.

" Chose John Wade, Joshua E. Littlefield, and John Cummings, jun.

"Voted that the clerk notify the First Congregational Parish of the proceedings of the Town in relation to this subject.

Voted to adjourn this meeting until the last Monday in September, at seven o'clock in the evening."

September 26th, 1853, the meeting was called to order by the Moderator, at the time and place, according to the adjournment.

"Voted to take up Article 9th.

"The following letter, from the Clerk of the First Congregational Parish, was read:—

*Woburn, Sept. 6th, 1853.*

To NATHAN WYMAN, Esq., Clerk of the Town of Woburn.

Sir,— At a legal meeting of the members of the First Congregational Parish in Woburn, held in the vestry of their Meeting House, on Monday the 5th day of September inst., Article second of the warrant for calling the meeting being under consideration, viz.:—

Article 2d. To see if the Parish will chose a committee of three persons to unite with the committee chosen by the Town, at a meeting held on the 15th day of August, in submitting all the facts in relation to Parish lands adjoining the easterly side of their Meeting-House to the Hon. Richard Fletcher and the Hon. Samuel Hoar, and a third person to be chosen by them, or do any thing in relation to the same.

The Parish voted unanimously that we respectfully decline acceding to the proposition of the Town, and that the Parish Clerk communicate this vote to the Town Clerk.

I remain, very respectfully yours,  
TRUMAN RICKARD, *Parish Clerk.*

"Voted to hear the report of the committee chosen to confer with the committee of the First Congregational Parish.

"The committee submitted the following report:—

"Your committee have received notice from said Congregational Parish that they decline doing any thing in relation to the matter; therefore, your committee, after taking the most able counsel in the Commonwealth in relation to the subject, recommend the following resolution:—

"Resolved, That Joshua E. Littlefield, John Johnson, jun., and John Flanders, are hereby chosen a committee and fully authorized and empowered to remove the fence in front of the dwelling house and land of Dr. Augustus Plympton, on land belonging to the town of Woburn, known as the Common or Training Field; and the said Littlefield, Johnson, and Flanders be fully paid by said Town any expense that they may be at in case of a suit at law, or any other expense that they may be at in relation to this whole matter.

For the committee,

JOHN WADE.

"Voted to adopt the report."

In accordance with the preceding votes of the Town, your committee, after a careful collection of all the facts which they were able to obtain, presented the same to several eminent legal advisers, and were fully confirmed in the opinion, that the fee to the land in dispute vested in the town. Accordingly, we caused the fence to be removed at the expense of the town, Oct. 24th, 1853. The Parish, for the purpose of testing their claims in and to said land, brought an action of tort against Joshua E. Littlefield and others, which was terminated in the Supreme Judicial Court, October Term, holden at Cambridge. After a trial of three days, the Parish having presented all their evidence of claims to said land,—the Town having presented only a part of their documentary evidence of claims to said land,—it was then suggested by the Court that the new County Road form a line of division between the Parish and Town, the land on the west side of said road to belong to the Parish, and the land on the east side of said road to belong to the Town, which was finally agreed to by the town and Parish.

The Parish having made a claim against the County for damage sustained by them in laying out the new County Road over the land in dispute,—the Town having voluntarily (and by the law of limitation) relinquished all claim against the County,—the conditions of Agreement between the Parish and Town were made at the earnest solicitation of the Parish so far as the waiver by the Town in and to

the fee in the easterly half of said road, for the purpose of yielding to the Parish the right to recover damage for all the land. But, after the claims set up by the Parish against the County shall have terminated, the Parish is to release to the Town, by a good and sufficient deed, all the fee they may have in and to the land lying under the easterly half of said road, by reason of the waiver in this agreement.

[COPY OF AGREEMENT.]

*Middlesex Sup. Jud. Court, Oct. 3d, 1855.*

Action — First Congregational Parish in Woburn, *vs.* Joshua E. Littlefield and others.

In this case it is agreed by and between the parties for the disposition thereof.

1st. That the Town of Woburn make no further claim to any of the land in dispute west of the easterly line of the road, as laid out over the *locus in quo* by the County Commissioners by their order of November, seventh day, A.D., 1854.

2d. That the party plaintiff will make no further claim to the land in dispute, lying east of said line of said road.

3d. That the party plaintiff shall have leave to take away from their place of deposit, the posts which have formerly stood on the land west of said line, being fourteen in number, with the rails thereto belonging, which were taken up by the parties defendant, as a committee of the Town. The remainder of said posts, except fourteen and rails, to belong to the Town.

4th. That nothing in this agreement shall prejudice the former right to their respective claims of either party but this agreement shall be in full settlement of the cause of action sued for in this writ.

## [COPY OF BOND.]

In consideration of one dollar to me paid by the inhabitants of the Town of Woburn, I hereby agree and covenant with said Town, that when the proceedings under the petition of the First Congregational Parish in Woburn, for damages against the County of Middlesex for taking land for a road under the order of the County Commissioners, of Nov. 7th, 1854, shall have been terminated, the First Congregational Parish in Woburn shall release, by a good and sufficient deed, to the said Town of Woburn, all their right, title and interest in and to the fee of the easterly half of the land covered by said road, so far as the same extends from Pleasant Street northerly over the common land heretofore claimed by said Parish and Town.

Witness my hand and seal this tenth day of November in the year one thousand eight hundred and fifty five.

JAMES M. RANDALL. [L.S.]

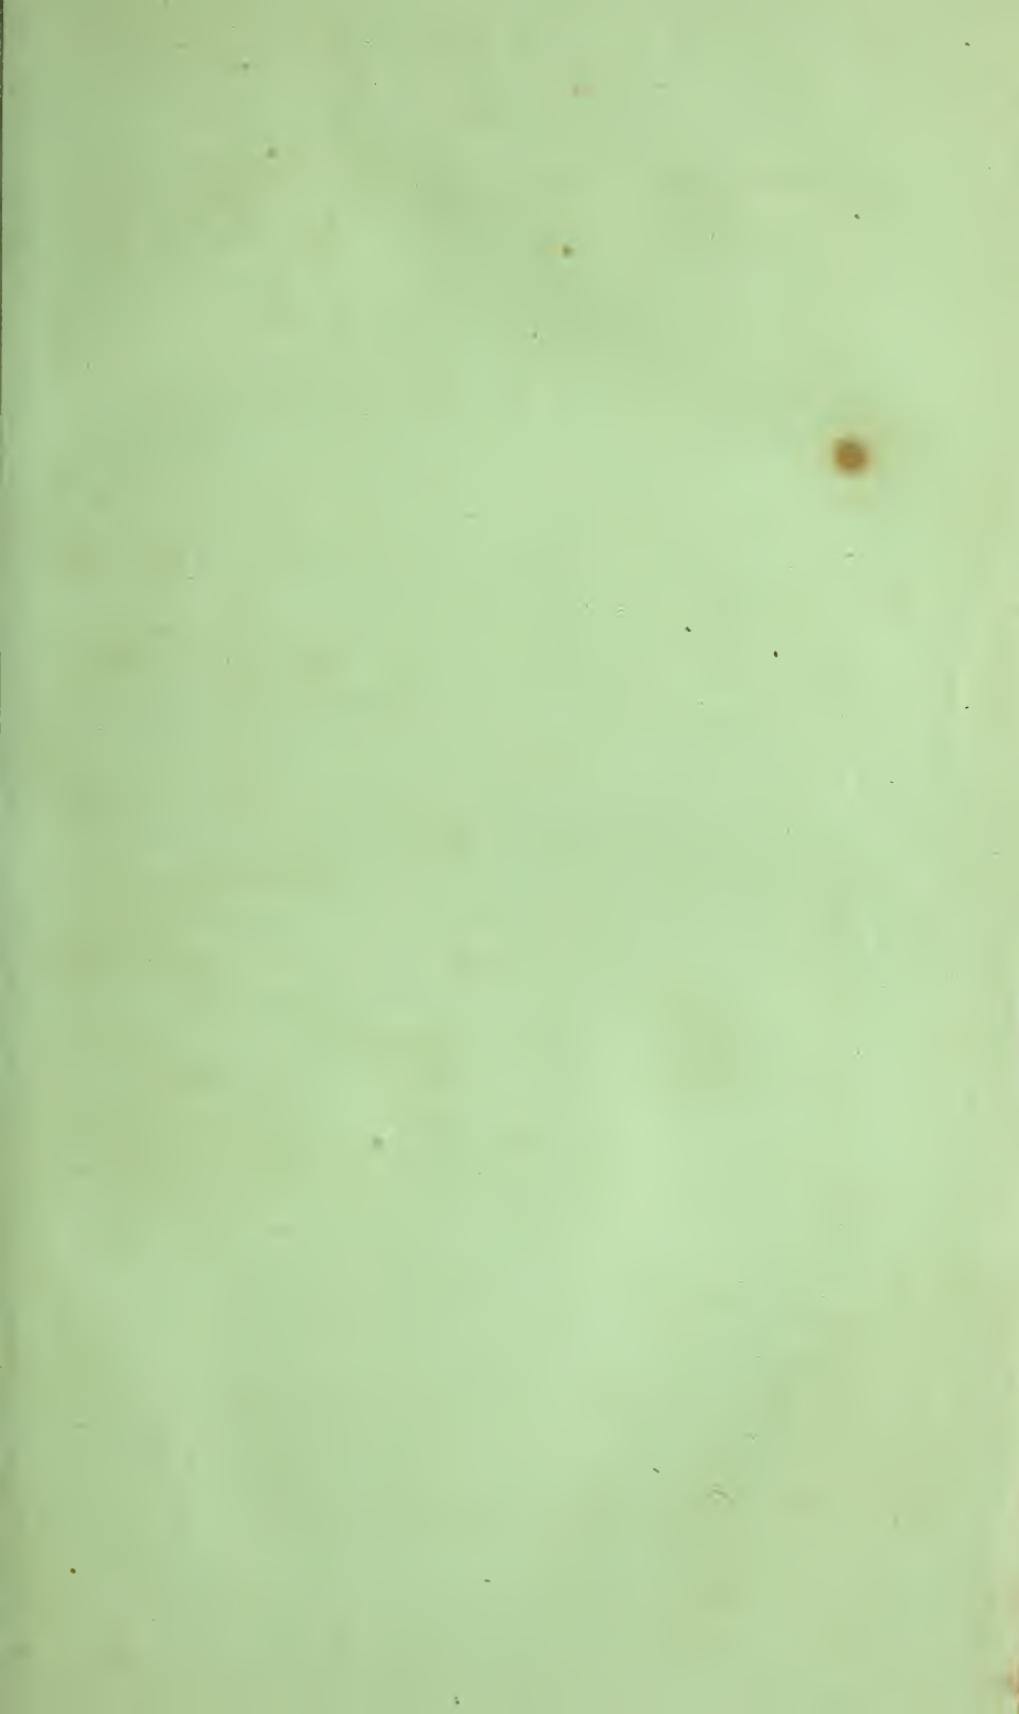

Witness, E. R. Hoar.

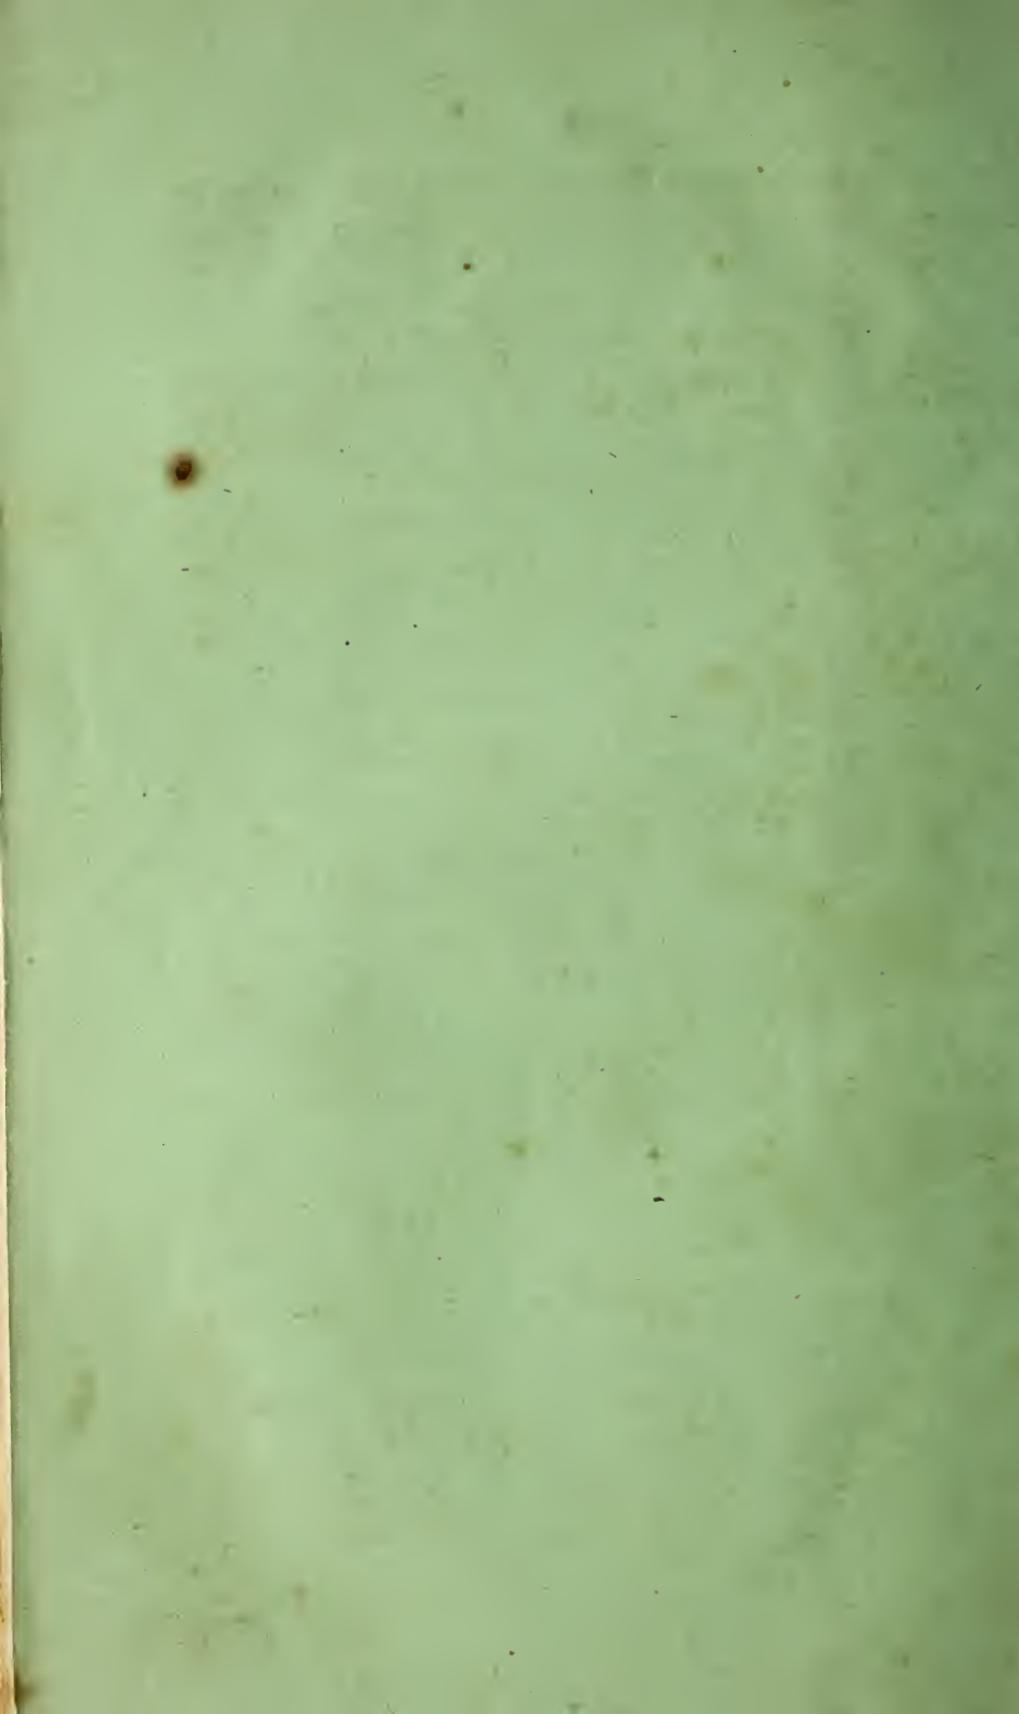

Your committee would recommend that the legal opinion given to the Town by the Hon. Rufus Choate, in 1840, in relation to the rights of the Town and Parish, be entered at length upon the Town Records.

Your committee believe that the long and vexatious controversy between the Parish and Town, relative to each other's rights, has at last terminated, and we hope satisfactorily to every peace-loving and law-abiding citizen.

SELECTMEN'S REPORT.

The Selectmen at the close of their official term, beg leave to submit the following for the consideration of the Town. It will be seen by the Auditors' Report that the expenditures have exceeded the appropriations for the year, and although the town at its annual meeting in March requested us not to exceed the same, if it could be avoided, we have found it impossible to keep within the limits, for several reasons, some of which are as follows:

The appropriations recommended by our predecessors were far below the amount required, and the Town voted much less than they recommended. The departments for which specific appropriations were made, have each exceeded the same, viz:—

SCHOOLS—Including expenses accruing from subsequent votes of the town, have exceeded the appropriation more than \$4000.

**HIGHWAYS**—One of the most prominent items has been for the Stoneham New Road, for which about \$1500 has been drawn from the treasury, and is worse than lost to the town, as, in our opinion, the road is unnecessary and useless, and will, from its peculiar location, entail an annual expense for repairs. Also the unsafe condition of a large number of the Bridges called for prompt attention, the larger of which have been entirely rebuilt, and some of the smaller wooden ones have been replaced by stone. Grading Winn and other streets, building culverts, paving gutters and crossings, and railing a part of many streets in various sections of the town, which were considered dangerous without such protection, have thrown an unusually heavy expense upon this department. A portion of these expenses for some years will be small, as this class of repairs are not of annual occurrence.

Support of Poor, Fire Department, Library and Outstanding Bills, all exceed either the estimate or appropriation and are in part beyond the control of this Board.

In view of these facts, together with the annual increase of inhabitants and the general prosperity of the town, it is obvious that the expenses will naturally increase from year to year, and an increase of appropriations must of necessity follow.

We therefore recommend the following appropriations for the year:—

|                                |                |

### ERRATA.

Under the head of "Miscellaneous," page 3, omit the word "Outstanding."

Under the head of "Schools," on page 10, the following bills of the School Committee for services should have been divided or charged wholly to the preceding year—

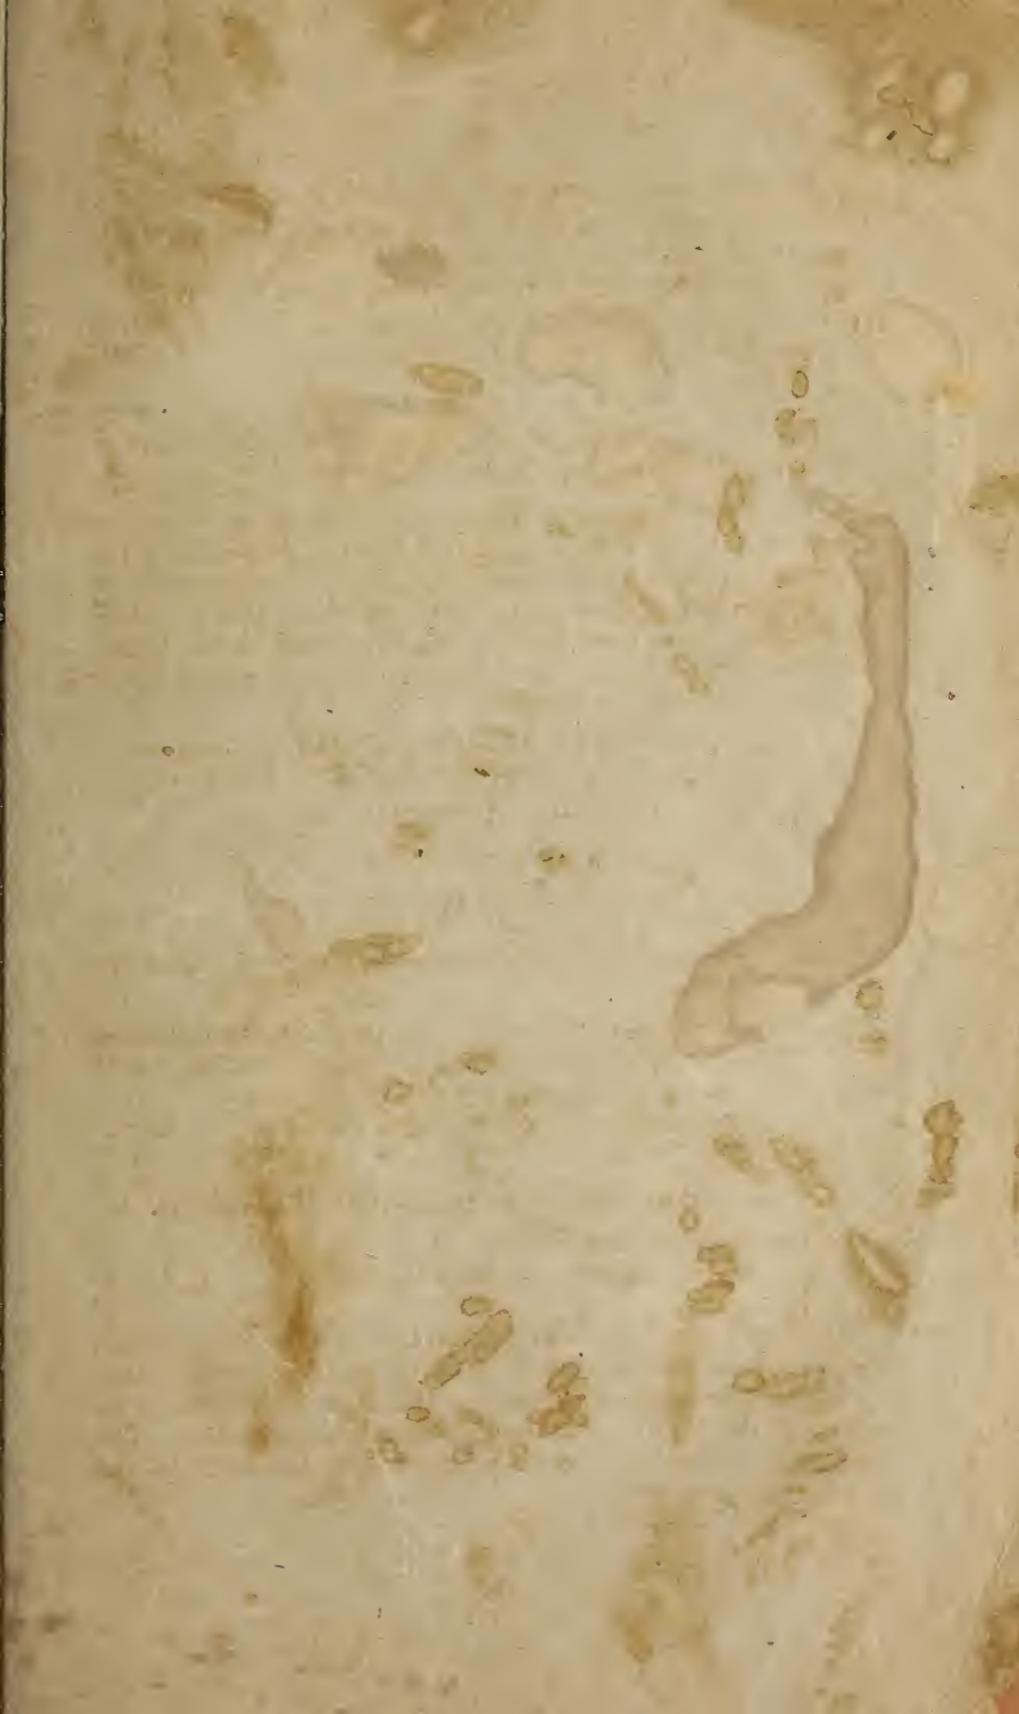

|  |          |
|--|----------|
| Daniel March, outstanding \$53.60, current year \$63.50, | \$117 10 |
| R. P. Stebbins,     "      8.00,     "      67.03,       | 75 03    |
| L. L. Whitney,     "      43.50,                         | 43 50    |

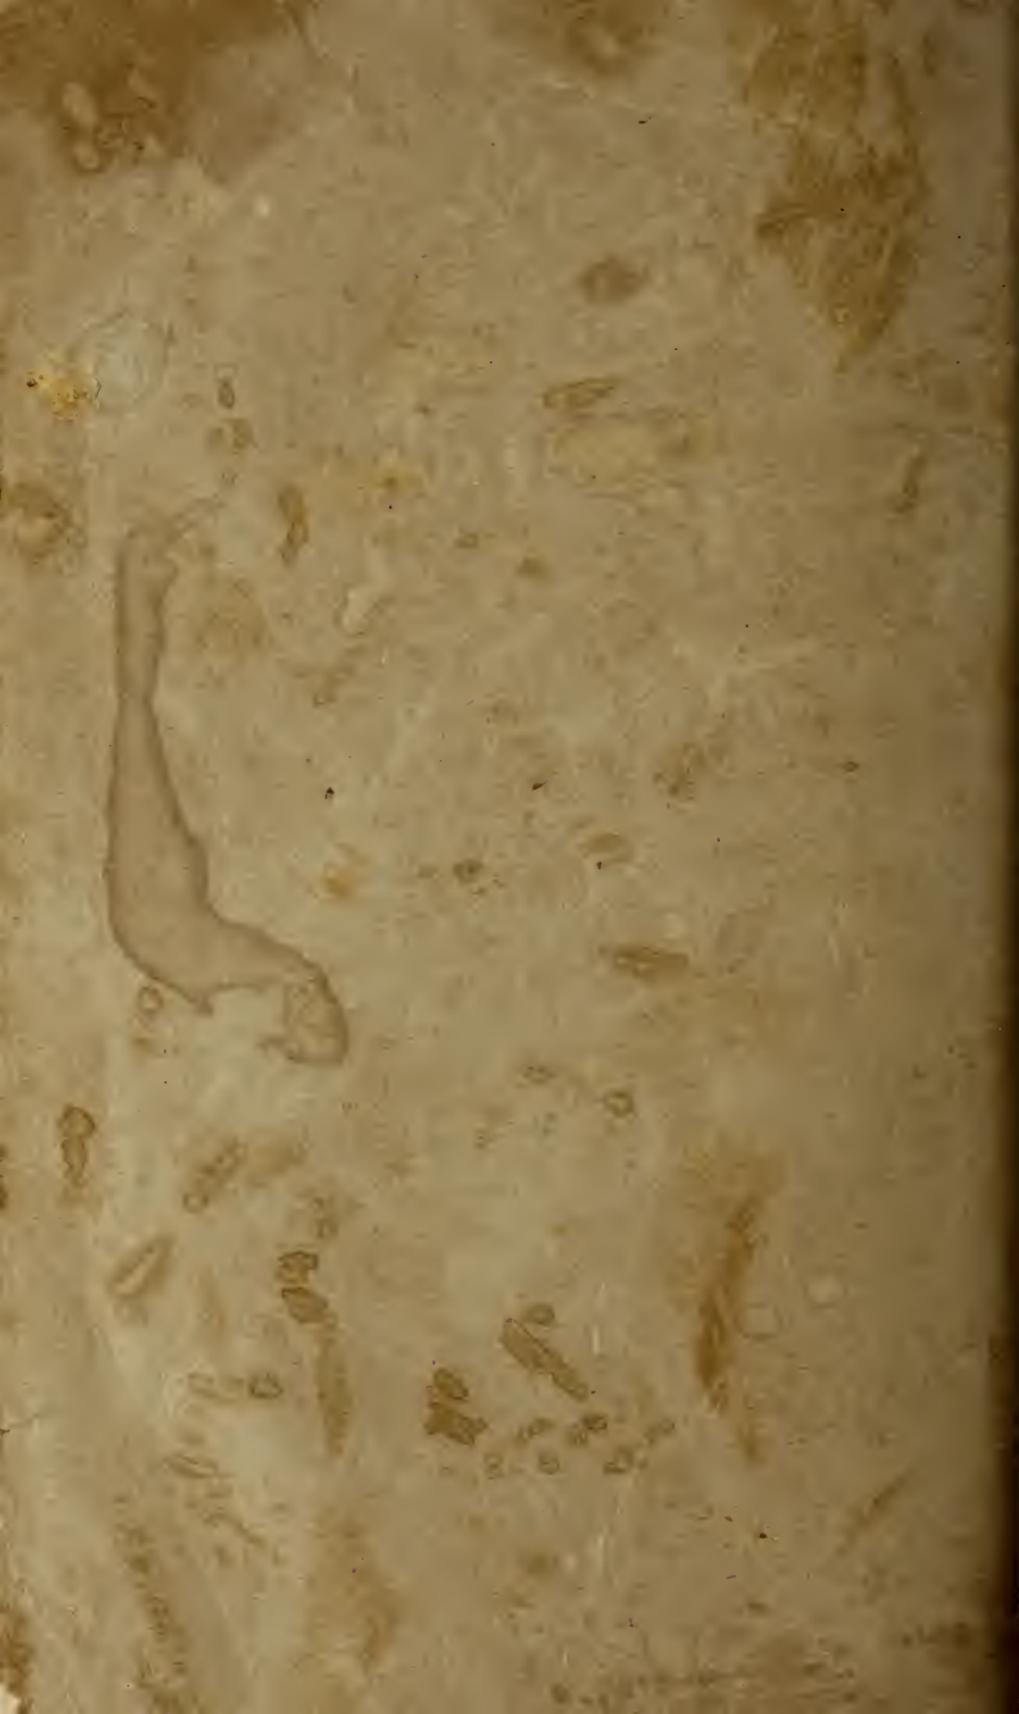

On page 15, the footing under Incidentals should be \$357.55.

Under the head of "Library"—

|   |       |
|---|-------|
| J. J. Pippy's bill should read—Miscellaneous,<br>Books, | 61 67 |
|   | 7 12  |

The amount reported in the Treasurer's account, as cash received from District No. 1, \$199.88, we find, by an examination of the books belonging to the District, an error; as adjusted, the Town and District suffer no injustice. The true state of the case is, the district was indebted to the town \$18.38.

I have examined the Treasurer's Accounts, comparing the several items with the entries on his books, and find the same to be correctly vouch'd and accurately stated. The amount of money received into the treasury at sundry times within the year ending Feb. 1, 1861, was forty-eight thousand nine hundred thirty-five dollars and twenty-eight cents (\$48,935.28), and there has been paid from the treasury during the same period, forty-seven thousand four hundred twenty dollars and eighty-five cents (\$47,420.85), leaving a balance in the hands of the Treasurer, Feb. 1, 1861, one thousand five hundred fourteen dollars and forty-three cents (\$1,514.13).
